Activities of the Commission

Meetings

The Commission held four (4) regular meetings during the year to deal with normal business.

Two Training Committee meetings were held: April 24th, 1987 at Saskatoon, and December 19th, 1987.

On June 17th, 1987 the Commission held a meeting with the Town and Rural Chiefs of Police at Martensville, Saskatchewan, to deal specifically with the problems and issues affecting the smaller communities.

Meeting With The Minister of Justice

On November 16th, 1987 a meeting was arranged between the Minister and his officials, the Commission, Boards of Police Commissioners and Chiefs of Police. The meeting lasted the full day and a wide range of concerns and problems were addressed; a number of the issues raised required further attention and follow-up action.

Visits

The Executive Director, the Director of the Saskatchewan Police College and the Investigator continue to make on-site contact with the police departments around the province on work related matters and informal visits to ensure two-way communication is ongoing between the Commission, Boards, and the police community.

Crime Prevention

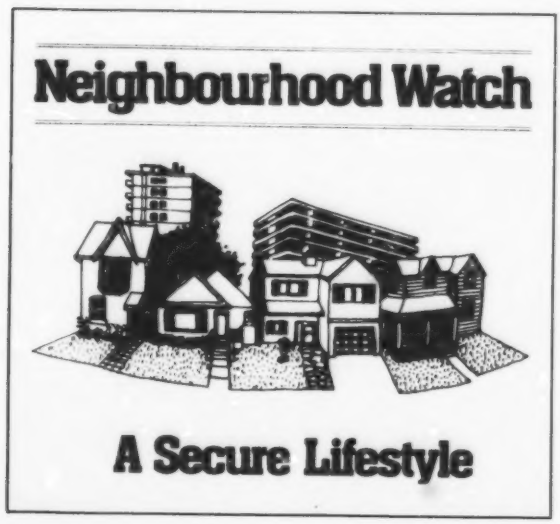
The Commission continues to give high priority to initiatives and efforts to reduce crime in the province. The increasing attention and involvement by the public at large is noteworthy, which is the result of the police and the public working towards a common goal — a safer community.

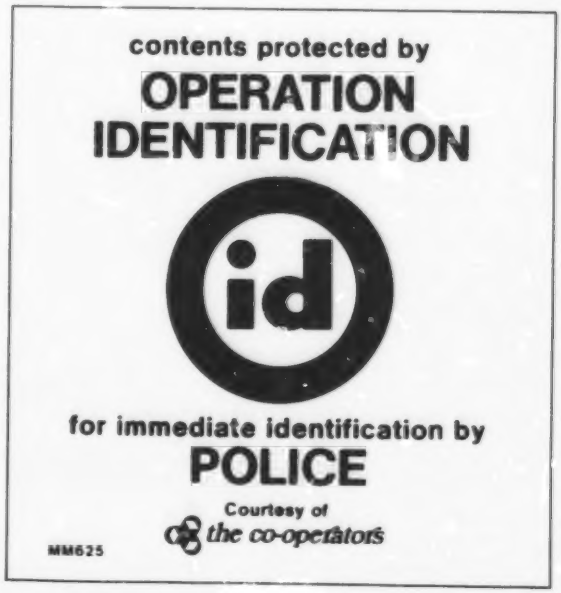
The Executive Director acts in a co-ordinating role, bringing the crime prevention officers, representatives of the Federal Solicitor General's Consultation Centre (Prairies) and the Minister of Justice together on a semi-annual basis to evaluate programs, identify needs, and to share new ideas and material.

The Crime Prevention Co-ordinators with the police departments in the province are as follows as of March 31st, 1988:

Regina — Sergeant Hank Lamer
Saskatoon — Sergeant John MacDonald
Moose Jaw — Constable Gerry Antosh
Prince Albert — Corporal Norm Bergen
Estevan — Deputy Chief Bob Campbell
Weyburn — Sergeant Mike Rogal
RCMP — Sergeant Murray Carpenter

The private sector provides excellent support for the various programs through publicity material, brochures, handouts, stickers, etc.





National Crime Prevention Week — 1987

The Federal Solicitor General, the Saskatchewan Minister of Justice and this Commission continued to emphasize crime prevention, and to recognize citizens and community organizations who have made a significant contribution to crime prevention in their communities.

Saskatchewan Police College

Police Training

The Saskatchewan Police College, with offices and classrooms located at the University of Regina by virtue of The Police Act is under the authority and control of the Saskatchewan Police Commission.

The principle objective of the College is to provide training for all Municipal Police Departments in the province.

Courses are offered for all levels of personnel, from recruit to management and offered regularly on a semi-annual basis for recruits, junior constables, senior constables, effective presentations and introduction to management, and on an annual basis for arson investigation. Other courses and seminars are offered as funding permits.

The year 1987-88 continued to be a year of economic restraint; however, the Police College was able to remain within budget by cancellation of the January 1988 recruit class due to a lack of candidates. This cancellation in recruit training provided the police community an opportunity to resolve some of the backlog in in-service training which was increased in the winter months of 1988.

A total of 226 candidates were trained in the year.

Most of the courses were held at the College, however, courses were offered in other locations as the availability of space or the interest in efficiency and effectiveness dictated.

Training Funding

This year the training expenditure has remained within the budgeted allotment provided. There was some restriction in the training program due to budget restraint and the training demands placed upon the Police College continued to increase.

Continual changes in police procedure and laws which govern our land place added pressure on the training function to provide updated training. Careful scrutiny of course selection and course content will continue to remain top priorities for training managers in the future in order to optimize training dollars that are available.
